

Advanced Life Support in Obstetrics

This course is primarily for maternity care providers including physicians, nurses and certified nurse midwives. It is designed to enhance cognitive and procedural skills of health care professionals to help them manage obstetrical emergencies.

This **course is taught by BC Family Physicians** who have been approved as ALSO instructors

The course includes a required syllabus reading, lectures and hands-on workshops. Evaluation is by a written objective exam on content and a skills assessment using "mega-delivery" simulations. Those who meet the criteria are awarded a certificate of completion valid for a five year period.

Scheduled course content includes:

Presentations

- Fetal Monitoring
- Assisted Vaginal Delivery
- Shoulder Dystocia
- Malpresentation / Malposition / Multiple Gestation
- Risk Management
